

## **Ames True Temper** **Corporate Environmental Policy**

The purpose of the policy outlines Ames True Temper responsibility in regard to the environment.

Ames True Temper is committed to the protection of human health and the environment in all areas where it conducts operations. Implementation of this policy is a primary management objective and the responsibility of every Ames True Temper employee. The Company will comply with all applicable laws and regulations governing environmental protection. The company will monitor the development of environmental laws and regulations and comment, when appropriate, in regards to the reasonableness and cost effectiveness of these activities. The Company will evaluate on a continuing basis compliance with applicable laws and regulations in all its operations.

The Company will encourage the use of non-polluting technologies and waste minimization practices in the design of our products and processes. The Company will promote the conservation of resources and protection of the environment through recycling and reuse of material. The Company will include environmental considerations among criteria by which projects, products, processes and purchases are evaluated. The Company will develop in its employees an awareness of environmental responsibility and encourage adherence to sound environmental practices.

Ames True Temper, in keeping with this policy, will make every effort to reduce waste and emissions. We strive to minimize adverse impact on the air, water, and land through pollution prevention and energy conservation. By successfully preventing pollution at its source, we can achieve cost savings, increase operational efficiencies, improve the quality of our products and services, maintain a safe and healthy workplace for our employees, and improve the environment. Ames True Temper is committed to excellence in its manufacturing processes and finished goods. Ames True Temper has continually refined both technology and technique to meet the changing needs of the product users. After decades of growth, Ames True Temper stands apart as a world leader with an unrivaled combination of manufacturing capacity, advanced technology and accomplished workmanship. Ames True Temper will continue to produce products that are sound, environmentally friendly products.
